OUR SERVICES

Gurding services

We have an extensive network of security guard professionals that can help support and protect our local communities and customers across the world. We provide various types of security personnel for your business. Our customers have the flexibility to select the right type of guard for your specific security and customer-service requirements.

Alarm response services

Our mobile response teams are ideal for providing rapid assistance in all eventualities at your home and business. This security solution gives you peace of mind when you don't have a guard on the ground.

Vip protection services

We have a extensive experience in VIP Protection Security, dealing with the world's leading corporate, musical, entertainment, sports, and diplomatic figures.

Premises management

We do oversight of residential, commercial, or industrial real estate by a third-party contractor. Generally, property managers take responsibility for day-to-day repairs and ongoing maintenance, security, and upkeep of properties. They usually work for the owners of investment properties such as apartment and condominium complexes, private home communities, shopping centers, and industrial parks.

Security assessments

We provide a comprehensive review of an entire infrastructure including host, network, application and environmental controls. This assessment also includes a review of existing policies and procedures.
